

Elementary School* Project Based Learning Mini-Grant Application

SLED has allocated funds to support material or field-trip needs for Project Based Learning (PBL) at high-need elementary schools in SLUSD. The total allocation varies according to enrollment. The deadline for applying is **March 29, 2018** or when funds have been exhausted for your school site, whichever comes first. For more information regarding current availability of funds, please inquire with your site administrator.

The maximum award per teacher is \$250. If multiple teachers are collaborating on a project, the maximum award is \$250 x the number of collaborators. Teachers may receive only one award per academic year. Principals may apply for PBL support for school wide projects. The maximum award is determined by total school allocation.

Grantees may choose to be directly reimbursed by SLED after submitting qualifying receipts, or they may request SLED to purchase the materials and have them delivered to their school site.

All awards must receive secondary approval by your site administrator.

Please email your completed application to Morgan Mack-Rose at morgan@sledfund.org We will acknowledge receipt of your application and will endeavor to make a determination within 10 working days from submission.

School: _____ Grade: _____ Amount Requested: _____

Teacher(s): _____

Contact Email(s): _____

Project Narrative:

Materials Needed:

Will you need any community partners for your project? If so, please describe skills and dates needed:

How will SLED's support be recognized:

Would you like SLED to purchase the materials directly? Yes _____ No _____

If yes, we will confirm specific items and vendors prior to purchasing.

Submit form now
